The golf packages are now even more bespoke to the player. On the first day the student will meet with a PGA professional and have a video evaluation lesson for a minimum of 1 hour. Then between the student golfer and the PGA professional, a weeks programme is created.

Please note: On all the courses, normal golfing dress is required and golf shoes must be worn. Playing lessons necessarily subject to weather conditions.

The PGA professionals have limited lesson space during the summer months, so booking in advance is essential.

Prices do not include transfers to and from courses or driving ranges (taxi and hire car rates on request)

Hire of set of golf club is an additional charge £20 per week.

All programmes subject to confirmation.

* 2 buckets of balls per session to use before & after lesson, if required
